✓ AR DECOR VERTICAL BLINDS IS PERFECT FOR YOUR LARGE WINDOWS AND DOORS.

AR DECOR Vertical Blinds has a new level of style and versatility because of its contemporary hardware colours. This type of window element is best paired with large, tall and wide windows. It is also ideal for sliding doors because they can be pushed completely to one side or the other, making it easy to go in and out for the door without having a blind blocking it at the top.

Vertical blinds are so good at controlling strong sunlight, they are a practical choice for a conservatory. Naturally there will be a lot of sunlight to contend with, so you can adjust the louvres as the sun moves across the space. This will help to keep the intense heat a bright light at bay and make your conservatory more comfortable for relaxing in.

OPERATING OPTIONS

Made of selected materials that are comfortable and safe for you.

You can choose from **Chain and Cord Coordinator** and **Traversing Wand Operation**. A Chain and Cord Coordinator features a heavy-duty beaded chain and the beaded chain allows you to tilt the blades and gives you complete control for privacy and direction of the light you want in the room, while the Traversing Wand provides effortless and smooth operation control. Simply use one hand to tilt the blades and draw across. You can opt for earless weights to offer an enhanced child-safe solution.

LOW MAINTENANCE. The slats of a Vertical Blinds can be easily cleaned, you can simply wipe it using a soft cloth and cleaning solvent.

VERSATILITY. Vertical Blinds comes with different size, texture and colour scheme. You can also just stacked your Vertical Blinds to the left, the right or even split down the centre, depending on your requirements.

ELEGANT AND SOPHISTICATED. Amongst all blinds out there, we can say that Vertical blinds is the best option if you are aiming for elegance and sophistication while on a budget. This blind can add visual height to a room and allow light and privacy control of window blinds on hard-to-fit windows and sliding glass doors.
