AR DECOR

Aluminium shutters

Our Operable Shutters are finished with a powder-coated that come in standard colours, or Australian & international wood grain colours & many other custom colours to choose from. They're the perfect finishing touch to bring a whole look together. Exterior shutters are classic and create a unique look that's hard to match. Shutters are an elegant way to improve curb appeal.

FOUR TYPES TO CHOOSE FROM:

Sliding - These are wide panel top that allows you to utilize the full potential of your windows to brighten up your home or block out light entirely.

Bi-Fold - Can be folded way to maximize your outdoor space.

Fixed In Place - You can create a wall or create an area in your home.

Hinged - Improve your window and doorway. Simple way to manually release air and boost your home's circulation if things feel a little too hot or stuffy.

FEATURES AND BENEFITS:

- **Corrosion resistance:** Compared to other outdoor materials, aluminium is corrosion resistant, making the shutters last longer and rust-free for a longer period.
- **Heat insulation & reflection:** The light reflection property of these shutters make the outdoor entertaining spaces cooler in summers. During winters, the closed shutters are perfect to trap heat indoors, making your interiors warmer in the cold months.
- **Flexible yet strong:** Though these aluminium shutters are lighter and more flexible compared to the other alternatives available in the market, these shutters are as strong as steel.
- **Stylish:** Unlike the old fashioned window screens, these shutters are modern and complement your interiors with a touch of contemporary aesthetics.
- **Highly durable:** Being strong like steel and corrosion resistant, these shutters are highly durable, and are easy to maintain too.
